

The City of Lakewood is currently working on a Land Use Plan for the city. Mayor Thompson recently appointed a Land Use Study Committee made up of citizens with different backgrounds. The Committee will meet many times in the next several months. Metro Nashville has an excellent explanation of what a [Community Plan](#) should be.

The Land Use Plan Committee meetings are open to the public and you are encouraged to come and communicate your vision for Lakewood. This Plan belongs to the Community and will be a guide for development and redevelopment in Lakewood for years to come.

The finished plan will eventually be submitted to the Lakewood Municipal Planning Commission for their approval and/or amendment. Please take time to become involved in this process.

Remember – this plan belongs to you, the citizens of Lakewood. We really want to know what you think!
